## Enclosure Options

### Materials:

- 304 Stainless Steel
- 316 Stainless Steel

### Customizable Dimensions:

Height: up to 90"

Width: up to 72"

Depth: up to 36"

## Accessories

- Back Panels & Swing Panels
- Windows
- Gland Plates
- PEM Fasteners
- Eye Bolts

### Window Dimensions:

Height: 4" to 24"

Width: 3.5" to 24"

### Gland Plate Dimensions:

Height: up to 90"

Width: up to 70"

## Powder Coat & Printing

- Choose from a wide range of RAL powder coat colors.
- Full color silk screening with optional UV protective coating.
- Laser etching for precise, durable graphics.

## WALL MOUNT

Mount your enclosure up and out of the way with wall mounting tabs or flanges. Wall mounts are welded for increased durability.

## FREE STANDING

Ideal for larger, heavier enclosures. Freestanding enclosures are available with or without floor anchors.

## SLOPE TOP

The angled roof of our slope top enclosures prevents water from sitting on top and guides drainage away from electronics. Available in wall mount or free standing.
